### Tobler Flex | Props

- Fast-running thread for a 35% time saving
- Load capacity 20 kN / 30 kN EN standard
- Fast, energy-saving work thanks to low net weight
- Guaranteed longevity thanks to hot-dip galvanisation, forged nut, and 8mm foot and head plates
- Safe working thanks to anti-crush and anti-fall protection

### Tobler Tower | Aluminium props

- Impact-resistant aluminium props
- Over 40 kN load capacity with 5m extension length
- Prop lengths from 1.45 m to 6.25 m
- 6.25 m extension length with just 31 kg
- Head and foot plates interchangeable
- Can be doubled to achieve heights > 12 m

### Tobler Top | Wall formwork

- Element heights 330, 270, 120, 60 cm
- Element widths 240, 120, 90, 75, 72, 60, 55, 50, 45, 30 and 24 cm
- Shortened concreting time thanks to high load capacity of up to 80 kN/m<sup>2</sup>
- Hot-dip galvanised
- Compatible with common wall formwork

**NEW**  
from June 2021

### Tobler Manu | Handset formwork

The lightest and toughest aluminium handset formwork

Swiss Engineering.  
Swiss Technology.

You can also rent all accessories available for the Tobler Flex, Tobler Tower and Tobler Top systems.

# Tobler «Old for new»

Switch to the Tobler formwork system now.

## Trade-in offer

Rent credited towards purchase

«Old for new»

### Rent credited towards purchase

See for yourself just how good Tobler formwork systems are during the rental period. If you then decide to purchase, we'll credit part of the rental price towards the purchase price. Switching to a Tobler system has never been more appealing or more risk-free.

### Trade in your old system

When you buy a Tobler formwork system, we'll make you an attractive trade-in offer for your old formwork (third-party or Tobler system). Combine this offer with the crediting of the rental price and benefit twice when buying a Tobler system.

Request a personal offer.
